

# Leadership and Management for Trainee Doctors – Live Webinar

**3** external CPD points

## Introduction

**This course is linked to the MGC Generic Professional Capabilities Framework, Domains 1,2,3,5 and 6**

Today's doctors are increasingly expected to show leadership skills and work successfully with colleagues and patients to achieve positive outcomes. This live webinar provides an introduction to leadership and management using a combination of questionnaires, group discussion and exercises to help delegates understand their own working and leadership styles as well as team dynamics.

## Course structure

- 2.5 hour webinar

## Webinar objectives

- Recognise the Leadership Academy's Healthcare Leadership Model and consider how this will support them in their career
- Understand the difference between Leadership and Management and recognise when they might need to flex their own approach
- Have gained insights into personality types and how this affects team dynamics
- Understood some key leadership models and considered their own leadership styles
- Briefly explore the nature of leadership in Clinical Governance and their own Development needs
