

Mentoring and Coaching for Foundation Trainees – Live Webinar [Foundation 1 and 2]

3 external CPD points

Introduction

This course is linked to the Foundation Curriculum 2021: programme Curriculum 2021 HL02 – A valuable member of the healthcare workforce - 10. Teaching the teacher: Teach and present effectively.

This webinar has been created specifically to meet the competency This refers to 'doctors working within the multidisciplinary team ensuring that they are able to build functional working relationships with colleagues, understand the importance of maintaining their own wellbeing, uphold the values of the healthcare system in which they work including the need to monitor and improve care and the ability to share their knowledge with and teach others.'

By the end of this live webinar trainees will understand more about the various roles and responsibilities of the mentor, supervisor and coach, and the differences between these. This course is also highly practical and interactive as they will explore different coaching and mentoring skills and when/how to apply these with medical students and the multi-disciplinary team.
