

Bias in Educational and Clinical Supervision – Live Webinar

3 external CPD points

Introduction

This practical webinar focuses on understanding bias and the affect that this has on effective educational supervision. Delegates will work through case studies and discuss scenarios where bias could be detrimental to the education of the junior doctor and how this is rectified. Employment law and fairness and equality are essential components which all supervisors should be aware of and demonstrate the associated behaviours consistently.

Course structure

- **2.5 hour webinar**

Webinar objectives

- Understand the importance of fairness, acknowledging conscious bias and unconscious bias
- Consider guidance from the GMC (differential attainment)
- Learn how to support fairness and diversity in clinical education and training
- Review how unconscious and conscious bias can occur within the educational environment
- Discuss impact of behaviour where bias has occurred and how this should be rectified
- Provide reflection linked to AoME standards
