

Managing Concerns for Consultants and Lead Clinicians – Live Webinar

4 external CPD points

Introduction

This 4 hour webinar is based on the 4 stages of NHSEI guidance around managing doctors' concerns. As a result of the increase in doctors being referred to the GMC each year, this course provides you or your doctors with the appropriate knowledge to identify concerns, manage the 4 stages, including relevant employment legislation and understand the importance of remediation strategies such as coaching and mentoring.

Pre-course materials have been sent prior to the webinar and all participants will be expected to read these.

Course Structure

- 4 hour webinar

Webinar Objectives

- To understand the NHSEI Guidance on managing doctors' concerns
- To discuss how concerns are identified
- To be aware of the difference and relevance of fit for practise and fit for purpose.
- To understand the range of concerns and the relevant procedures and processes within your organisation
- To build on your mentoring and coaching skills to help the doctor in difficulty but to follow the appropriate procedure, if required.
- To understand good practice, support and relevant employment legislation, remediation, rehabilitation, and advice by working through case-studies
