

Remote Clinical and Educational Supervision – Live Webinar

3 external CPD points

Introduction

Participants will examine what's the reality of educational supervision now, in particular, during Covid? The delegates will explore the value of virtual supervision and by the end of this live webinar session, participants will be aware of techniques to use to make remote supervision more effective. They will develop a greater understanding of the importance of Information Governance, Confidentiality and Consent.

Course Structure

- **2.5 hour webinar**

Webinar Objectives

- Appreciate the quality and richness of supervision remotely
- Appreciate organisational and time management benefits of working with trainees remotely
- Understand the importance of Informational Governance, Confidentiality and Consent
- Consider a range of frameworks with which to engage the trainee in meaningful reflective practice and learning, and which will improve validity of WPBAs and SLEs
- Practise and develop questions to embed learning, teaching and inform feedback
