

Webinar 1 for IMG's – Introduction to Differential Attainment, and Patient Expectations in the NHS

3 external CPD points

Introduction

This 2.5 hour webinar will provide a useful and thorough introduction to differential attainment – what it is, factors contributing to DA and measures which can mitigate it. We will then discuss what patients in NHS settings expect – including communication, options for treatment, consent and decision making, along with the role in the UK of families, individuals and GPs as well as the patient.

Course structure

- 2.5 hour webinar

Webinar Objectives

- Understanding what differential attainment is and what causes it
- Discussing experiences of differential attainment with examples
- NHS diversity principles and concerns over discrimination
- Approaches to dealing with instances of differential treatment
- Sources of support: families, GP's support groups
- Consent and Decision Making: GMC principles and scenarios
